ES IST EIN VORWERK!

EINZIGARTIGE BODENBELÄGE seit 1883.
UNIQUE FLOOR COVERINGS since 1883.
For more than 130 years, Vorwerk has been the most desirable brand for floor coverings. Millions of satisfied customers vouch for the fact, all over the world. The reason for this is clear: Vorwerk is the only brand where they find this one-of-a-kind mixture of superior quality, sustainable innovations and global award-winning design. We’re going to prove it on the following pages.

Because quality at Vorwerk is our highest priority, we monitor all of our products by carrying out more than 15,000,000 individual tests every year. We also have a “zero-errors tolerance” – from production to delivery. We are the only company doing this – and with success, as the numerous independent environmental and quality labels that our products have been awarded show.

World-famous names, such as Roy Lichtenstein or Karl Lagerfeld, have designed for Vorwerk. And the journey continues. To accomplish this we picture the floor covering as a canvas just waiting to be painted. Whether in a timeless or contemporary vein, reserved or progressive. The design world values this, which can be seen in the numerous awards we receive every year.
More than 130 years ago carpets were a luxury product. Driven by the idea of manufacturing the best floor coverings, our founding fathers brought British technology to Germany. The aim was to make carpets accessible to everybody: in numerous designs and the highest quality.

From timeless to trendy, from low key to striking, all products are available in 15 colours, lots of them even in 25 or 30. If, contrary to expectations, the right nuance is not among them, our "Made-to-Order Tailoring" is able to make any desired colour you choose.*

*We produce exclusively for you starting at a quantity of 400 square metres tuft and 100 square metres woven.
